

Location Administration: Sign-in

- B2Q recommends using a desktop or laptop PC web browser to perform enterprise administration tasks
- Navigate your browser to batteryportal.b2qtech.com
- Select “SIGN IN”

Location Administration: Sign-in

The screenshot shows a web browser window with the URL `batteryportal.b2qtech.com/login.html`. The page features the B2Q Technologies logo and navigation links for HOME and CONTACT. A prominent 'Sign In' header is displayed. Below this, a form prompts the user to enter their login credentials. The form includes a text input for 'Email / Username *', a password input for 'Password *', and a checkbox for 'Remember me next time'. A green 'Submit' button and a blue link for 'Forgot your password?' are positioned below the form. Three green arrows point to the 'Email / Username *' field, the 'Password *' field, and the 'Submit' button. A fourth green arrow points to the 'Forgot your password?' link.

1. Enter the email address you used to register your company Location Administrator account in the Username box
 2. Enter your password in the Password box
 3. Select the Submit button
- Please note if you forget your password, you may select the “Forgot your password” link to have a new password sent to the valid active email address you used to register

Latest tests

Test Description	Vehicle VIN	UPC Code	Battery Type	Test Standard	Recommendation	Technician	Test Date
Example1			WET	CCA	Continue to use	A Technician	2018-05-01 12:35:02 PM
Example2	KNALT4D33G6032333	017724559745	Maintenance Free	CCA	Replace soon	A Technician	2018-04-23 12:24:45 PM

- Once signed in, you'll see your “HOME” page
- Select the “HOME” link to return to this page anytime

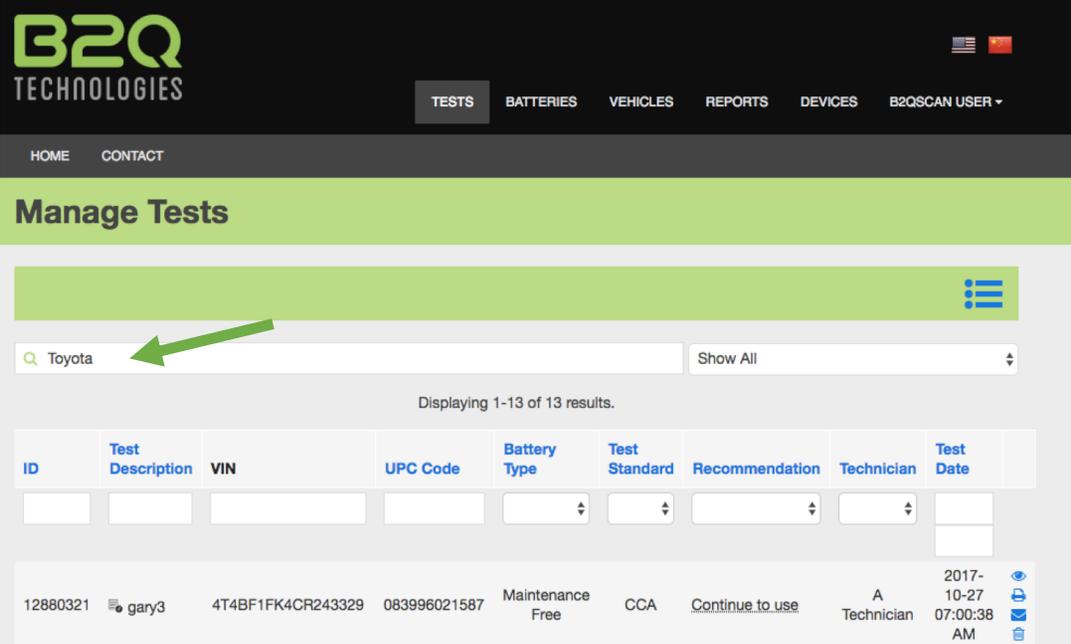

Location Administration: Test records

The screenshot shows the B2Q Technologies web application interface. At the top, there is a navigation menu with 'TESTS' highlighted by a green arrow. Below the menu, there is a 'Manage Tests' section with a search bar and a 'Show All' button. The main content area displays a table of test records. The table has the following columns: ID, Test Description, VIN, UPC Code, Battery Type, Test Standard, Recommendation, Technician, and Test Date. A green arrow points to the action icons (view, print, email, delete) for a specific record.

ID	Test Description	VIN	UPC Code	Battery Type	Test Standard	Recommendation	Technician	Test Date
13878713	Example1			WET	CCA	Continue to use	A Technician	2018-05-01 12:35:02 PM

- Select "TESTS" in the top menu to view test records
- Test records are displayed in table format by default. All test records synchronized from company user devices appear in this list
- View/edit, print, email, and delete individual test records by selecting the view (eye), print, email, and delete (trashcan) icons to the right of each record

Location Administration: Test records filtering

The screenshot shows the B2Q Technologies web application interface. At the top, there is a navigation bar with the B2Q Technologies logo on the left and a menu with items: TESTS, BATTERIES, VEHICLES, REPORTS, DEVICES, and B2QSCAN USER. Below this is a secondary navigation bar with HOME and CONTACT. The main content area is titled 'Manage Tests' and features a search bar with the text 'Toyota' entered. A green arrow points to the search bar. To the right of the search bar is a 'Show All' dropdown menu. Below the search bar, it says 'Displaying 1-13 of 13 results.' A table of test records is displayed below, with columns: ID, Test Description, VIN, UPC Code, Battery Type, Test Standard, Recommendation, Technician, and Test Date. The first row of data is: 12880321, gary3, 4T4BF1FK4CR243329, 083996021587, Maintenance Free, CCA, Continue to use, A Technician, 2017-10-27 07:00:38 AM.

ID	Test Description	VIN	UPC Code	Battery Type	Test Standard	Recommendation	Technician	Test Date
12880321	gary3	4T4BF1FK4CR243329	083996021587	Maintenance Free	CCA	Continue to use	A Technician	2017-10-27 07:00:38 AM

- The search bar allows you to enter text and number strings, and filters the test list to records containing that string.
- For this example, the string "Toyota" was entered in the general search bar, and tests with "Toyota" included anywhere in the test record appear. In this case, a Toyota Camry was tested.

Location Administration: Test records filtering

The screenshot shows the B2Q Technologies 'Manage Tests' interface. At the top, there is a navigation bar with 'TESTS' selected. Below it, a search bar contains 'Subaru' and a 'Show All' dropdown. The main content area displays a table of test records. The table has columns for ID, Test Description, VIN, UPC Code, Battery Type, Test Standard, Recommendation, Technician, and Test Date. The first record is for a Subaru Forester with VIN JF1SJ53D2GG300910, UPC Code 725272730706, Battery Type WET, Test Standard CCA, Recommendation Continue to use, Technician A Technician, and Test Date 2017-07-12 04:48:22 AM. Green arrows point to the search bar, the Test Description column, the Battery Type dropdown, and the Recommendation dropdown.

ID	Test Description	VIN	UPC Code	Battery Type	Test Standard	Recommendation	Technician	Test Date
12466408	Subaru Forester	JF1SJ53D2GG300910	725272730706	WET	CCA	Continue to use	A Technician	2017-07-12 04:48:22 AM

- The blue-title filtering boxes allow further filtering. For example you can input partial or whole VIN strings, select pre-defined fields such as battery test Recommendation ("Continue to use", "Replace now", ...) and so forth. Multiple filters can be applied at the same time.
- For this example, test records are narrowed to those performed on Subaru Foresters with WET battery and battery test recommendation "Continue to use".
- Remove filters by deleting strings you entered. To clear pre-defined list search criteria, click the blank space at the top of the list.

- A history of vehicles tested may also be viewed and filtered by selecting "VEHICLES" in the top menu.
- The list may be narrowed further by using a VIN filter, Make filter, and so forth.
- Details unique to each vehicle may be viewed by selecting the Vehicle Details (eye) icon to the right of each vehicle listed.

Location Administration: Reporting

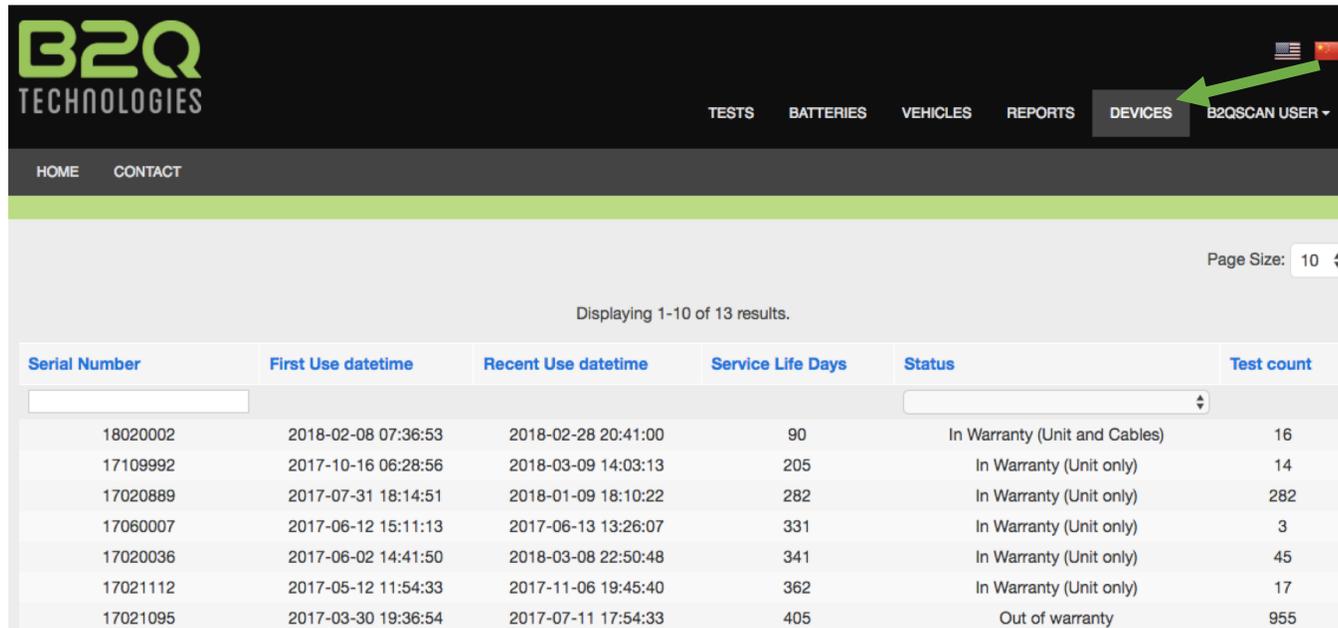

- Select "REPORTS" in the top menu to access reports created by your Enterprise Administrator for your company location
 - Activity Reports: provide test activity split out by test recommendation
 - Sales Reports: provide activity based on battery replacement activity
 - Compliance Reports: provide detail on test data quality, for example the percentage of tests that include a VIN scan.
- In this example, the Compliance Reports tab was selected, and any reports may be accessed by selecting the report link.

Location Administration: Reporting

- In this case, the compliance report indicates low rates of VIN and battery barcode scanning, but a high rate of tests that include an engine start over the specified time period
- To return to the Reports tabs, select "REPORTS" in the top menu

Location Administration: Devices

- Select "DEVICES" in the top menu to view all B1e devices that have been used by technicians at this specific location to perform tests, including total test counts and warranty status.

Location Administration: Additional Settings

The screenshot displays the B2Q Technologies user interface. At the top, the B2Q Technologies logo is on the left, and navigation links for TESTS, BATTERIES, VEHICLES, REPORTS, DEVICES, and B2QSCAN USER are on the right. Below the logo, there are links for HOME and CONTACT. The main content area is titled 'User Profile' and features a left-hand navigation menu with options: User Profile, Company Info, Users, and Enterprise Info. The main content area shows a form for user details, including fields for Email (b2qscanuser@gmail.com), Current Password (with a 'Click to change password' link), First Name (B2QScan), Last Name (User), Country (United States), State/Region (RI), City (Jamestown), Address (WHQ), and Postal/ZIP (02835). A dropdown menu is open for the 'B2QSCAN USER' profile, showing 'SETTINGS' and 'SIGN OUT' options. Green arrows point to the 'SETTINGS' option in the dropdown and the 'Company Info' option in the left menu.

- Additional settings are accessed by selecting by selecting your Location Administrator name then choosing "SETTINGS" from the drop-down list, then selecting from the left menu:
 - Administrator user profile
 - Company location information: edit your location details and certain user rights
 - Users: view and administer users joined to your company location, as well as control user rights
 - Enterprise Info: view the details on the top level enterprise that controls the company location

Location Administration: Users

The screenshot displays the B2Q Technologies web application interface for user management. The top navigation bar includes 'TESTS', 'BATTERIES', 'VEHICLES', 'REPORTS', 'DEVICES', and 'B2QSCAN USER'. The main content area is titled 'Users' and features a sidebar with navigation options: 'User Profile', 'Company Info', 'Users' (highlighted), and 'Enterprise Info'. A table lists three technicians with columns for 'Email', 'First Name', and 'Last Name'. The first row is partially filled with 'A' and 'Technician'. The second row is 'b2qscanuser@gmail.com', 'B2QScan', 'User'. The third row is 'replicant@gmail.com', 'Roy', 'Battey'. Each row has icons for message, settings, and delete. A 'Add a New Technician' button is located in the top right corner. Two green arrows point to the 'Add a New Technician' button and the delete icon for the first row.

Email	First Name	Last Name	
ccr991@gmail.com	A	Technician	✉ ⚙ ✕
b2qscanuser@gmail.com	B2QScan	User	
replicant@gmail.com	Roy	Battey	✉ ⚙ ✕

Displaying 1-3 of 3 results.

- Selecting "Users" opens a list of all technicians joined to your location
- From left to right on the right side icons:
 - Selecting the message (envelope) icon send a message to that user.
 - Selecting the settings (gear icon) allows the administrator to set information access rights for individual users.
 - Selecting the "x" icon removes that technician from your location. Please note that all of their test records will remain with your company location.

Location Administration: Users

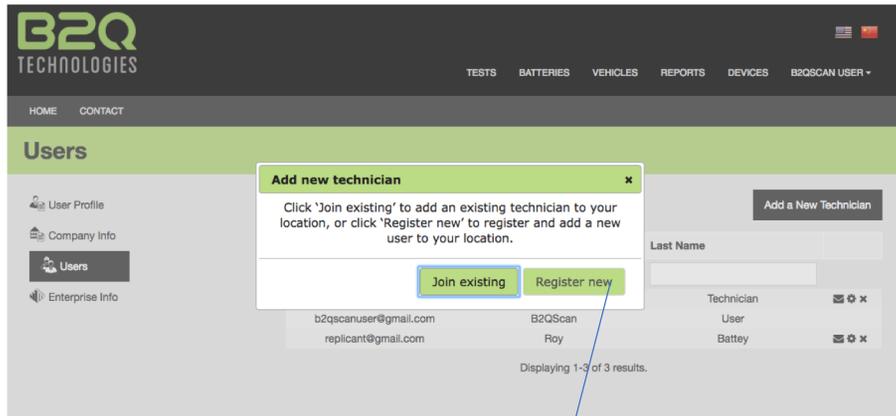

The screenshot displays the B2Q Technologies web application interface for user management. The top navigation bar includes links for TESTS, BATTERIES, VEHICLES, REPORTS, DEVICES, and B2QSCAN USER. A secondary navigation bar contains HOME and CONTACT. The main heading is 'Users'. On the left sidebar, there are links for User Profile, Company Info, Users (which is highlighted), and Enterprise Info. The main content area shows a table of users with the following data:

Email	First Name	Last Name	
ccr991@gmail.com	A	Technician	✉ ⚙ ✕
b2qscanuser@gmail.com	B2QScan	User	
replicant@gmail.com	Roy	Batthey	✉ ⚙ ✕

Below the table, it states 'Displaying 1-3 of 3 results.' A green arrow points to the 'Add a New Technician' button located in the top right corner of the main content area.

- Selecting "Add a New Technician" enables you to create, register and activate a new technician user account for your location in a single step, or generate a "join code" for users whom have already registered an account.

Location Administration: Users

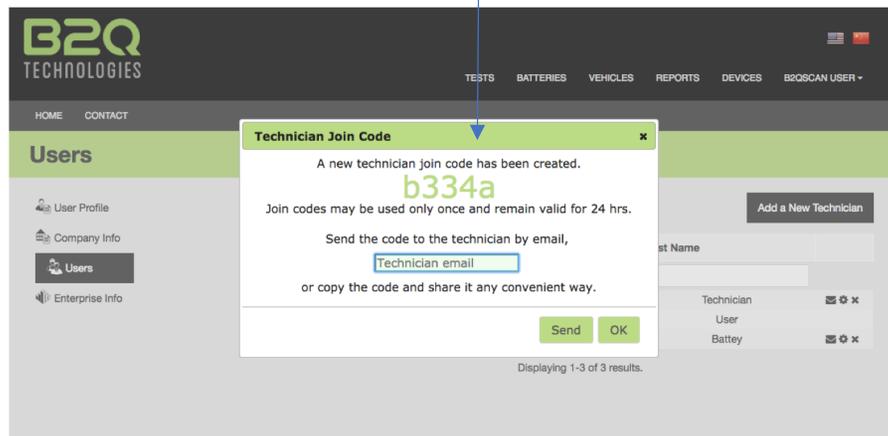

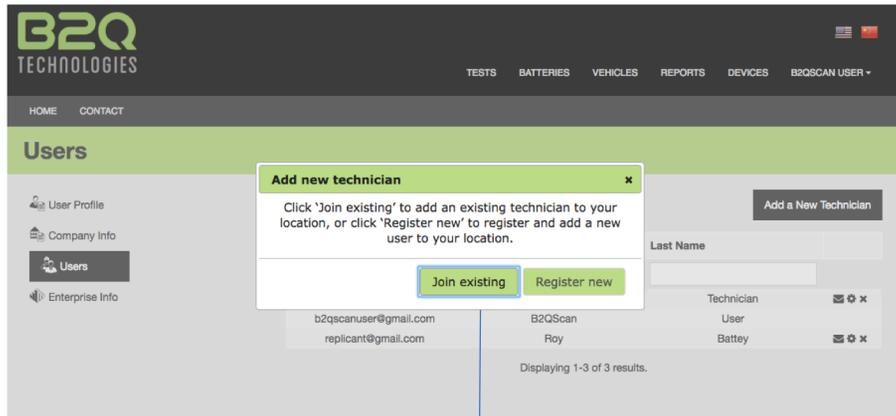

- If you need to create technician accounts from scratch for your location, select "Register new", then complete the registration form for each new technician you wish to join to your location.

The screenshot shows the registration form for a new technician. The form is titled "Fields with * are required." and contains the following fields: "First Name", "Last Name", "Email", "Username *", "Password *", "Password Confirm *", "Address", "City", "State/Region", "Postal/ZIP", and "Country". A blue arrow points from the "Register new" button in the previous screenshot to the "First Name" field. At the bottom right of the form is a "Create new user" button.

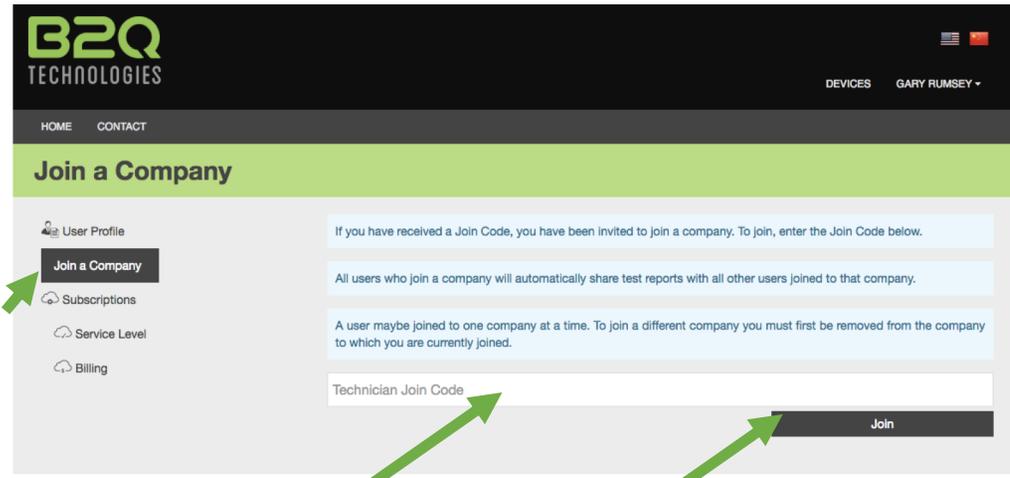

Location Administration: Users

- To join a user who has already registered a technician account, select "Join existing".
- Provide the Technician Join Code to the user so they may use the code to join your location. See the next slide for those instructions.

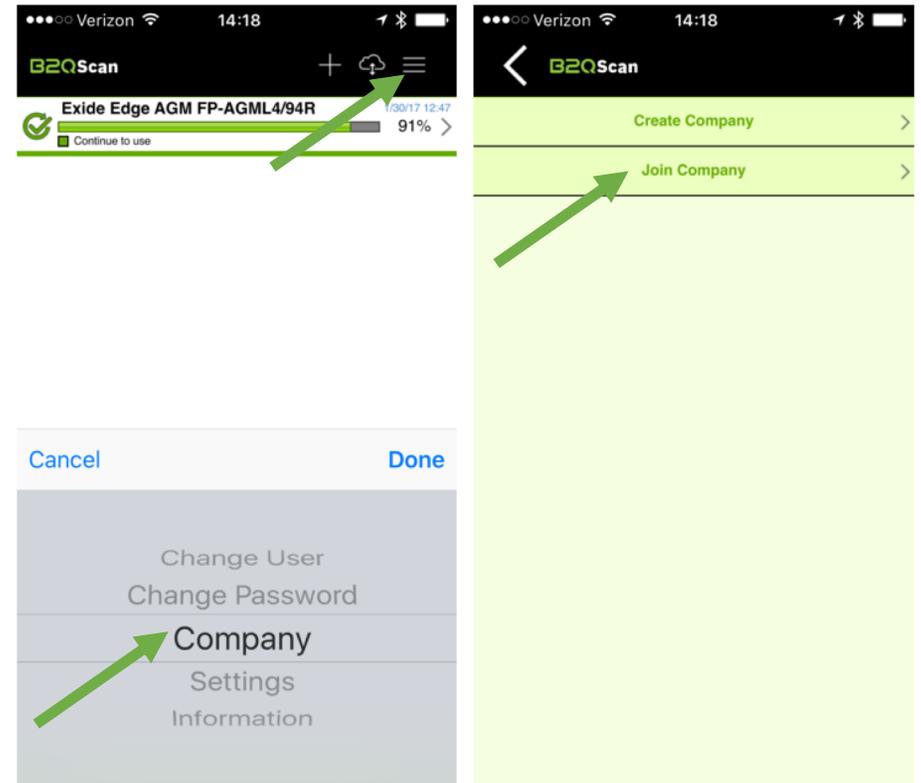

Location Administration: Technician Join Codes

Portal

App

- The technician selects "JOIN A COMPANY" from the Battery Test Portal or within the B2QScan app and enters the Technician Join Code to join your location technician roster.
